

## MR. THURSTON PROTESTS.

Believes Faces Have Been Made at Mr. Hilborn.

MR. EDITOR:—I desire to protest against your editorial in this morning's paper concerning Mr. Hilborn, and to say, that so far as my observation goes, this community does not approve of abusing a man simply because he does not think the same as we do. I myself am somewhat surprised at the reported interview with the gentleman in question, wherein he is made to say that he opposes annexation and supports a protectorate, as both to me and to others he has expressed himself as being strongly in favor of annexation and I therefore think there may be some mistake about the alleged interview.

But even if Mr. Hilborn has changed his mind and now thinks that a protectorate is better than annexation, I submit that we can do much better by meeting him on his own ground and demonstrating the impossibility of a working protectorate, than by making faces at him and proclaiming that he travels on a pass. He may or may not have had a pass on the steamer—it would be nothing unusual if the company had extended him that courtesy, as it is a very common practice in the States to give passes to officials—but it is, to say the least, very poor policy for us to so treat our guests that the impression goes abroad that we are intolerant of any opinion that does not coincide with ours.

Such is not the fact. Mr. Hilborn has stated his opinions, whatever they may be, in a fair and gentlemanly manner, and is entitled to fair and respectful treatment.

LORRIN A. THURSTON.

## Mr. Magoon Returns.

John Magoon returned by the Archer yesterday after an absence of fourteen months in the United States. During the time Mr. Magoon delivered numerous lectures on Hawaii, and, by this and other means, has accomplished good work for the Republic.

He says people in the Eastern States favor annexation, the sentiment being particularly strong in Maine and New England.

Tenants at Magoonville welcomed Mr. Magoon home with genuine pleasure.

## ORIENTAL LUXURY AT HOME

The wonders of the Orient lay revealed before the eyes of all who care to see them, and that, too, without it being necessary to journey to lands across the seas.

The Oriental never does any more work than is necessary, and when not working, his engrossing care is to make himself comfortable. In many respects the art of living appears better understood in the East than in our bustling Western world.

There is now hardly a fashionable home that has not its Oriental room or rooms, or at least its cozy corner; sometimes the latter is Japanese in effect, sometimes Turkish; but whatever it is, be sure it is the result of an inner craving for the beautiful things of life.

Porcelain Ware, Silks, Cushions, Rugs, Mattings, Chinese Silverware, Open-Work Linen Doylies, Ladies' Crepe Waists, formerly costing you \$2.50 to \$3.50, which I sell you at \$1.50, Men's Pith Helmets, Four-in-Hand Neckties, which will be sold for 20 cents a piece or \$2.25 a dozen.

I make a specialty of taking orders for matting ranging from plain solid to others with colors so blended as to be almost too pretty to use. Crepes will be made in any design imaginable.

Do not fail to visit the store, examine my stock and samples. It costs nothing to look. A. BARNES,

## The Beauty

OF SOME PIANOS

Is only "case deep." It is much easier to make a handsome case than it is to put music into it. A tolerable mechanic can do the one—the other requires the best thought of a musical artist.

## The Kroeger Pianos

All have handsome, tasteful, durable cases; but in their factory constant, careful, studious attention is given to the production of a perfect and lasting tone. The beauty and honesty of a Kroeger begins with the varnish on the case, and goes straight through to the iron plate that holds the strings. We'd like to show you the inside of a Kroeger.
